Manim Project

Project Change

- generator.py
  - Do it in Manim?
- Currently implemented
  - IRV, Borda, Copelands
  - Can make random ballots and generate a unique video per election
  -

Cool Video

Notes

- Hard to install but there is a guide: (and many tutorials online)
    - https://docs.manim.community/en/stable/installation.html
- Latex issue, Need to install Tex Live 2024 (5-6 Gigabytes)
    - https://tug.org/texlive/upgrade.html
- Simple and fun to get into
- Decent Documentation
    - Follow the first link
    - Discord server: https://discord.com/invite/bYCyhM9Kz2 (people are very helpful there)
- Github link to my project: https://github.com/WNTRJimmy/496ManimProject
    - I made it public so it's easily accessible
